

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

FOR OFFICIAL USE ONLY (FOUO)

Coronavirus Disease 2019 (COVID-19) Situation Report
March 5, 2020 – 1900 hours
Report No. 7 (CDPH/Cal OES Joint Report)

Confidentiality Notice

This document is for the sole use of the intended recipient(s) and may contain confidential and privileged information. Any unauthorized review, use, disclosure, or distribution is prohibited without the express written consent of the CDPH or Cal OES Executive Offices.

Situation Report - FOUO

Coronavirus Disease 2019 (COVID-19)

Report Date:

3/5/2020

Report Time:

1900

Situation Overview

- Worldometers COVID-19 Live Updates - March 5, 2020 at 1500 hours: **98,077 (+2,897)** confirmed cases in **89 (+5)** countries
 - 17,647 (+2,749)** confirmed cases outside of China
- 3,356 (+102)** deaths
 - 343 (+70)** deaths outside of China

Number of Cases	Source
22 (+4)	Travel Related
3	Person to Person Spread (healthcare worker)
9 (+2)	Person to Person Spread (other close contact)
9 (+5)	Community Acquired
2 (-2)	Under Investigation
45 (+9)	Total
24	Repatriation
69 (+9)	Total (CA + Repatriation)

California Persons Under Investigation (PUIs) Tested (as of MHCC report on March 5, 2020)

Positive	Negative	Pending
45 (+9)	330 (+58)	216 (+32)

Confirmed United States COVID-19 Cases - per Centers for Disease Control and Prevention (CDC) As of 0900 on March 5, 2020:

Number of Cases	Source
30 (+6)	Travel Related
20 (+4)	Person to Person Spread
49 (+9)	Under Investigation
99 (+19)	Total Confirmed Cases
10 (+1)	Total Deaths

- This data represents cases detected and tested in the United States through U.S. public health surveillance systems since January 21, 2020. This includes both confirmed and presumptive positive cases reported to CDC. It does not include people who returned to the U.S. via State Department-chartered flights.

COVID-19: Cases among Persons Repatriated to the United States = 49 Total

	Wuhan, China	Diamond Princess Cruise Ship
Positive	3	46

- Cases have laboratory confirmation and may or may not have been symptomatic.
- CDC's updates will now be regularly posted at noon Mondays through Fridays. Numbers close out at 4 p.m. the day before reporting.

Coronavirus Disease 2019 (COVID-19)

Report Date:

3/5/2020

Report Time:

1900

Emergency Support Function – 5 (Emergency Management)

California Governor's Office of Emergency Services (Cal OES)

The Cal OES State Operations Center (SOC) activated March 2, 2020 at 0700 hours in support of the California Department of Public Health Medical Health Coordination Center (CDPH MHCC). Cal OES will continue to provide resource coordination to the COVID-19 event, as well as situation status reporting, and advance planning across multiple areas.

- On March 2, 2020, Cal OES and CDPH hosted a statewide COVID-19 Conference Call with California Operational Areas (OA). Approximately 42 OAs participated on the conference call. The conference call included an update on the activation of the State Operations Center, on-going Cal OES activities and operations, as well as an Executive Update. CDPH provided a high-level overview of the COVID-19 incident, an update on MHCC Operations, as well as CDPH operations. There was also a question and answer period where OAs were able to ask CDPH and Cal OES regarding the COVID-19 incident and the state's response.

Emergency Management OA Reports

Los Angeles County

- The City of Los Angeles Mayor, Eric Garcetti has ordered all departments to assess their existing Continuity of Operations Plans and add a COVID-19 addendum with specific response activities and contingency planning.

Sonoma County

- The private Healdsburg School canceled classes on March 2, 2020 as a precautionary measure until further notice (approximately 200 students impacted).
- The Board of Supervisors held a special meeting and voted to ratify resolutions of a Local Emergency Proclamation and a Local Health Emergency Proclamation on March 4, 2020.

Office of Tribal Coordination

- The Office of Tribal Coordination will be participating on a National Tribal Coordination Call hosted by Intergovernmental Tribal Affairs Office, Health and Humans Services, Washington D.C. on Thursday, March 5, 2020.

Office of Legislative & External Affairs (OLEA)

OLEA, in coordination with CDPH and CHHS, have set a schedule of local, state, federal elected officials, and tribal leadership briefings/conference calls as follows:

- Monday, Wednesday & Friday (1400 target) for state, federal elected officials, and tribal leadership
- Tuesday and Thursday (1400 target) for local elected officials in conjunction and coordination with League of California Cities and the California State Association of Counties (CSAC).
- State and federal elected officials briefing on March 5, 2020 at 1100 with a total of 198 participants.
- Local electeds briefing with League of California Cities and CSAC on March 5, 2020 at 1400.
- OLEA will continue to disseminate COVID-19 discussion points and information each evening to elected officials and staff while responding to legislative inquiries as appropriate.

Situation Report - FOUO

Coronavirus Disease 2019 (COVID-19)

Report Date:

3/5/2020

Report Time:

1900

Public Information Office (PIO)

- Deputy Director, Brian Ferguson and Public Information Officer (PIO), Monica Vargas will continue to staff the MHCC through March 5, 2020.
- COVID-19 Press Conference was held on March 4, 2020 at 1600 from Capital
- PIO, Shawn Boyd will be in training from 1300-1530 Thursday, March 5, 2020. PIO, Ginessa Stark will fill in while Shawn is out.
- COVID-19 PSA being shot in Media Room on March 5, 2020 and will also be recorded in Korean.
- Mendocino County held its own press conference on March 5, 2020 at 0900.

Joint Information Center

- [PIO coordination call is scheduled for March 6, 2020 with county PIOs](#)
- [Created COVID-19 web button for state agencies to add to their homepage](#)
- [CDPH received and responded to 72 media inquiries on COVID-19. The topics included details about the Grand Princess Cruise near San Francisco testing and quarantine, test kit questions, face mask clarification, interview requests for Dr. Angell, infection control in nursing homes and the cost individuals will pay for COVID-19 testing.](#)
- [Over the last two days, CDPH has made numerous posts about COVID-19 on Twitter, Facebook, and Instagram. The posts have reached more than 190,000 people.](#)
- [CDPH plans on posting educational information about COVID-19, with any new details or videos provided as they are published. This practice will continue for most weekdays, and occasionally on weekends, as response to COVID-19 continues.](#)

Advanced Planning

- The State Operations Center (SOC) has established a multi-agency advance planning team to develop countermeasure courses of action (COAs) to support response to the potential escalation of COVID-19. Workgroups have been formed to develop COAs by March 4, 2020 in the following areas:
 - Crisis Communications – Cal OES Communications
 - Sustaining Transportation Infrastructure/Supply Chain – Transportation Agency/Caltrans
 - Housing to support social distancing – GovOps/DGS
 - Commodities and Logistics – GovOps/DGS
 - Law Enforcement to support social distancing – Cal OES Law Enforcement
 - Health/Medical – CDPH
- Each workgroup finalized initial concept COA documents and received feedback from the Cal OES advance planning support team. The teams completed COAs and associated execution checklists on March 5, 2020.

Office of Access and Functional Needs (OAFN)

- [OAFN is conducting weekly COVID-19 calls with AFN community and government leaders. The calls enable whole community engagement, situational awareness, the identification of unmet needs, and opportunities for collaboration.](#)
- [OAFN is coordinating with Federal, State, and local partners to support COVID-19 response.](#)
- [OAFN is partnering with CHHS, CDPH, CDA, DOR, DSS, and other agencies to develop and integrate COVID-19 guidance/best practice resources.](#)

Emergency Support Function - 8 (Public Health and Medical)

California Department of Public Health (CDPH)

- The Medical and Health Coordination Center (MHCC) is activated at a Level 2. CDPH Richmond Campus Coordination Center (RCCC) Sciences Branch is activated to support and coordinate COVID-19 response activities, including a return traveler monitoring program. The Sciences Branch includes subject matter experts, scientists, clinicians and other functions that make up a clinical, laboratory, infection prevention, epidemiology, and surveillance.
- The MHCC Receiving Storing Staging (RSS) Mobilization Center is activated to respond to resource requests.
- CDPH consulted with local health officials in multiple counties about cases and contact investigations.
- The MHCC has received a total of 1102 (+281) inquiries from local health jurisdictions and healthcare facilities. Inquiries are being forwarded to subject matter experts as appropriate.
- CDPH consulted with local health officials in Placer, Sacramento, San Mateo, Santa Clara, Solano, and Los Angeles Counties regarding contact investigations.

Planning

- CDPH continues to develop advanced pandemic planning.

Guidance

- On March 5, 2020, CDPH finalized laboratory testing/reporting guidance, based on revised CDC PUI definition.
- CDPH is drafting the following guidance documents:
 - Updated guidance for schools, child care, and colleges
 - Updated screening posters for healthcare facilities
 - Guidance for home isolation
 - Guidance for deployed staff and infection control

Situation Report - FOUO

Coronavirus Disease 2019 (COVID-19)

Report Date:

3/5/2020

Report Time:

1900

- Interim guidance for state departments on Coronavirus (COVID-19) in coordination with California Department of Human Resources (CalHR).

Return Traveler Monitoring

- As of March 5, 2020, CDPH has received notifications on 9,770 returning travelers to California on or after February 3, 2020 from at least 49 Local Health Departments (LHDs) with 256 unassigned.

Laboratory Testing

- RCCC call center live for receiving reports of positive cases from LHJs and local PHLs.
- The State of California has requested an additional total of 21 kits from CDC to provide one kit to each local jurisdiction.
- 11 California public health labs are currently testing. The labs are: CDPH Viral and Rickettsial Disease Laboratory (VRDL), and Alameda, Contra Costa, Santa Clara, Tulare, Ventura, Los Angeles, Orange, San Diego, Sacramento, and San Francisco County labs.
 - VRDL will provide diagnostic testing for PUIs with a 48-hour turnaround time.
- Four California PHLs have test kits and are currently in the verification process. The labs are: Shasta, San Mateo, San Luis Obispo, San Bernardino county labs.
- Seven California PHLs are waiting for reagents/kits. The labs are: Solano, Sonoma, Humboldt, Monterey, San Joaquin, Long Beach City, and Riverside County.
- CDPH is continuing to draft guidance for LHDs for low risk exposures, including Westerdam cruise passengers, and will add it to the general risk assessment guidance.

Healthcare Delivery System

- CDPH continues to monitor, report, and respond to inquiries from local healthcare facilities and local health departments regarding COVID-19.
- The CDPH Center for Health Care Quality (CHCQ) is working with the District Offices to approve provider program flexes.
- CHCQ continues to work with General Acute Care Hospitals (GACHS) to obtain information on their airborne isolation room counts.
- CHCQ has approved Program Flexes for 18 healthcare facilities. Two were not approved, and one is pending.
- CDPH will continue to host weekly conference calls on Thursdays at 1300 hours to update Local Health Departments on the latest developments regarding COVID-19, the next of which occurs on Tuesday March 12, 2020.
- CDPH will continue to host weekly all facility/provider calls, the next of which occurred on Tuesday, March 10, 2020 at 0800 hours.

Emergency Medical Services Authority (EMSA)

- EMSA has posted interim EMS Guidelines for COVID-19 to the EMSA website. It can be found out:
 - <https://emsa.ca.gov/wp-content/uploads/sites/71/2020/03/COVID-19-Memo-to-EMS-Partners-003.pdf>
- EMSA is working with Cal OES, CDPH, Coast Guard, local jurisdictions and others to prepare for any needs that may arise from the Princess Cruise vessel arrival in San Francisco.
- EMSA is coordinating with the Region II RDMHS to provide staffing to cover the RDMHS position from 03/05/2020 at 2000 hours through 03/10/2020 at 0800 hours to provide a break for the Region II RDMHS.
- EMSA continues to coordinate with all the RDMHSs for situational awareness and resource requests.

Medical Health Operational Area Reports

Napa County

- Napa County Public Health continues to monitor the statewide, national, and global impacts of the COVID-19. Napa County Public Health has been in close coordination with the local healthcare system to provide guidance on proper screening, testing, reporting, and processing procedures, consistent with the current CDC guidance.
- Continuing to coordinate with local hospitals and Region II partners currently supporting the CDC mission at Travis AFB on the movement of quarantined Diamond Princess passengers to area hospitals.
- Received an order of N95 masks following our resource request to Region II.
- Napa County is actively preparing for surge. These preparations include internal planning within public health, our two local hospitals (Queen of the Valley and St. Helena), and other healthcare facilities.

Lake County

- There are no confirmed COVID-19 cases in Lake County.
- An MRC poll was conducted on March 5, 2020 requesting technical support with Contact Tracing, Courier Service Support and Test Kit Dispensing. There were five volunteers who responded and are now on standby.
- Updates have been made to the Coronavirus section of the Public Health Website.

Pasadena

- Monitor COVID-19 situation and potential risk to public health in Pasadena.
- Ensure timely, appropriate, and accurate communication with the public, schools, healthcare providers, and other key stakeholders.
- Conduct risk assessment of travelers, PUIs, and close contacts, including any needed care, testing, and movement restrictions.
- Monitor PUIs and contacts.
- Identify resource needs, including surge staffing and PPEs.
- Provide situational awareness updates to City of Pasadena staff, elected officials and partners.
- Conduct informational sessions with healthcare providers.

San Francisco County

- On March 5, 2020, DPH/Mayor's Office announced the first two confirmed COVID-19 cases in San Francisco. Both cases are suspected to be associated with community contact with no history of travel or contact with other confirmed COVID-19 cases.
- As of March 4, 2020, a cruise ship is being held outside of San Francisco due to passengers and crew members showing flu-like symptoms and potential contact with confirmed cases. List of passengers will be distributed to each county to determine mitigation strategies.
- CDPH State Health & Emergency Officials Announce Latest COVID-19 Facts.
 - Information & Guidance: Health alert to clinicians has been released with an updated PUI definition to include any person mirroring symptoms of COVID-19. Finalizing guidance for the homeless populations and congregate settings.
 - Community Outreach & Engagement: Prioritizing outreach to homeless populations through shelter visits.
 - Medical Branch: Coordinate with hospitals, Long-Term Care Facility (LTCF) and EMS transport in preparation of potential cruise ship patients and San Francisco

Situation Report - FOUO

Coronavirus Disease 2019 (COVID-19)

Report Date:

confirmed cases. Prioritizing healthcare worker guidelines. Testing locations are being mobilized.

- Environmental Health: Preparing FAQ for cleaning and sanitizing with prioritization of distributing information to single resident occupancy (SRO) hotels. Inspectors continue to distribute handwashing posters and provide cleaning guidance at SROs.
- Epidemiology: The case contact team has been mobilized to respond to recent call surge. Ongoing development of databases and tracking, including PUI testing results.
- Laboratory: Testing in process and on going as of March 2, 2020.

Santa Cruz County

- No confirmed cases.
- Dr. Gail Newell, the Health Officer declared and signed a Local Health Emergency this morning. It will be ratified at the March 10, 2020 Board of Supervisors meeting.
- The Clinical Disease Unit (CDU)/Emergency Preparedness (EP)/Epidemiologist (EPI)/Health Officer and staff continue active monitoring of the incident.
- LHD DOC continues to be activated at low level to assist with management and coordination locally during business hours, duty officer status outside of business hours.
- Santa Cruz County hospitals still unable to accept asymptomatic COVID-19 positive patients at this time due to ongoing influenza outbreaks in our healthcare facilities.
- Increased requests for PPE are coming in to the DOC. Working to develop criteria for filling PPE requests of scarce resources.
- Continue weekly community partners conference call, as well as medical executive weekly conference calls.

San Luis Obispo

- San Luis Obispo Public Health Department Labs (SLO PHD) is in the final stages of validating ability to test for COVID-19 specimens. Expected to be operational by the end of the week.
- SLO PHD is currently in the process of building a MAC group for Op Area resource requests.
- SLO PHD is prioritizing engagement with vulnerable populations
- The Public Information Officer (PIO) branch is expanding to support Joint Information Center (JIC) functions

Shasta County

- Shasta County Public Health Lab is expecting the ability to test by March 6, 2020 after receiving the test kits.
- Four Health Alerts and one press release were distributed by Shasta County Health and Human Services Agency (HHSa).
- Shasta County Department Operations Center (DOC) has not been activated, but planning and response meetings have been conducted on a consistent basis.
- Four situation reports were received from medical and fire facilities regarding low PPE, four resource requests have been filled.
- Priorities:
 - Development of protocols and trainings for Staff/Staff regarding PUI, Assessment, contacts, monitoring, sample collecting.
 - Continue Monitoring current and incoming travelers for duration of operational period.

Situation Report - FOUO

Coronavirus Disease 2019 (COVID-19)

Report Date:

3/5/2020

Report Time:

1900

- Maintain/Report workgroup status with the HHS director of Public Health guidance.
- Development and implementation of DOC strategic plans.

Ventura County

- Ensure medical and health stakeholders remain informed and prepared for potential local cases.
- Inform members of the community on risks and protective measures related to COVID-19
- Assess local inventory and determine the need for additional resources.
- Work with county leadership to assess need for proclamation of local health emergency.
- Frequent sharing of information with stakeholders and public.
- Publication of prehospital guidelines and EIDS dispatch screening tool.
- Publication of law enforcement recommendation.

Other California State Agencies / Associations / Departments

California Department of Finance

- NSTR

California Department of Education (CDE)

- CDE is coordinating a call with the Governor's Office, CDPH, and the 58 County Superintendents of Schools to provide guidance for schools on Monday, March 9, 2020.
- CDE has been communicating information regarding the Coronavirus to all school districts. On two separate occasions, the CDE sent all school districts the 2019 Novel Coronavirus Guidance for Schools and School Districts document from the California Department of Public Health along with other information and links to crisis response resources on the CDE web page, the CDPH, and the Center for Disease Control and Prevention.

California Department of Social Services (CDSS)

- CDSS continues to support contingency planning efforts and CDPH and EMSA representatives in the SOC.

California Grocer's Association (CGA)

- CGA has reached out to a number of grocers across the state to assess impacts and operational challenges due to COVID-19 and consumer response. The impacts have been minimal, if at all. While certain items appear to be flying off the shelves, they are not having any issues restocking items. Costco, Walmart, Target, and Sam's Club all informally have the same report. No issues anticipated at the moment.

California Governor's Office of Business & Economic Development

- The economic impacts from the virus are viewed as temporary disruption as opposed to long-term impact. We continue to work closely with our partners across the state, and around the globe, to monitor ongoing issues. GO-Biz is sharing all reports of impact directly with DOF for better coordination on economic impact messaging.

Overall Economic Impact

- Companies are facing large numbers of cancellations to their conferences.
- There are reports of companies issuing internal guidance to avoid all unnecessary travel, both international and US.

Report Time:

1900

Trade/Freight Impact

- Global trade is hurting and the nation's busiest ports are being impacted due to the Coronavirus.
- There are less hours available for dockworkers, less cargo for truckers. Dockworkers and office workers part of the labor union are starting to dip into a "pay guarantee program" whereby if business goes below a certain level, industry pays workers even if they're not coming to work.
- Coronavirus comes during continued fallout from the trade war. We still have tariffs on approximately \$376 billion worth of imports, increasing annual consumer costs by \$77.9 billion. The coronavirus has put any potential benefit from the Phase 1 deal on hold.

Tourism

- Visit California shares that the virus will cause a short-term reduction in visitation: a 27 percent decline in tourism from China in 2020 is expected.
- China is a critical market to tourism in California. Although it is too early to predict specifics, China will remain California's top overseas visitor market and a priority for Visit California's marketing efforts despite coronavirus impacts.

Labor and Workforce Development Agency (LWDA)

• Employment Development Department (EDD):

- Draft web page promoting Employment Development Department (EDD) services for customers affected by the coronavirus submitted to the JIC.

• Department of Industrial Relations (DIR):

- Cal/OSHA: Draft of Cal/OSHA Interim Guidelines for General Industry on 2019 Novel Coronavirus Disease (COVID-19) submitted to the JIC.
- Labor Commissioner's Office: Draft COVID-19 FAQs on laws enforced by the California Labor Commissioner's Office submitted to the JIC.

Government Operations Agency

- NSTR

California Department of Consumer Affairs (DCA)

The SOC held a call on March 5, 2020 between the MHCC and DCA (and any associated boards) to address numerous questions raised below. Action items were closed out. MHCC will share the appropriate guidance requested with DCA.

Centers for Disease Control (CDC) Actions

- On March 5, 2020 CDC updated the guidance document "Interim US Guidance for Risk Assessment and Public Health Management of Persons with Potential Coronavirus Disease 2019 (COVID-19) Exposures: Geographic Risk and Contacts of Laboratory-confirmed Cases." Edits include:

Situation Report - FOUO

Coronavirus Disease 2019 (COVID-19)

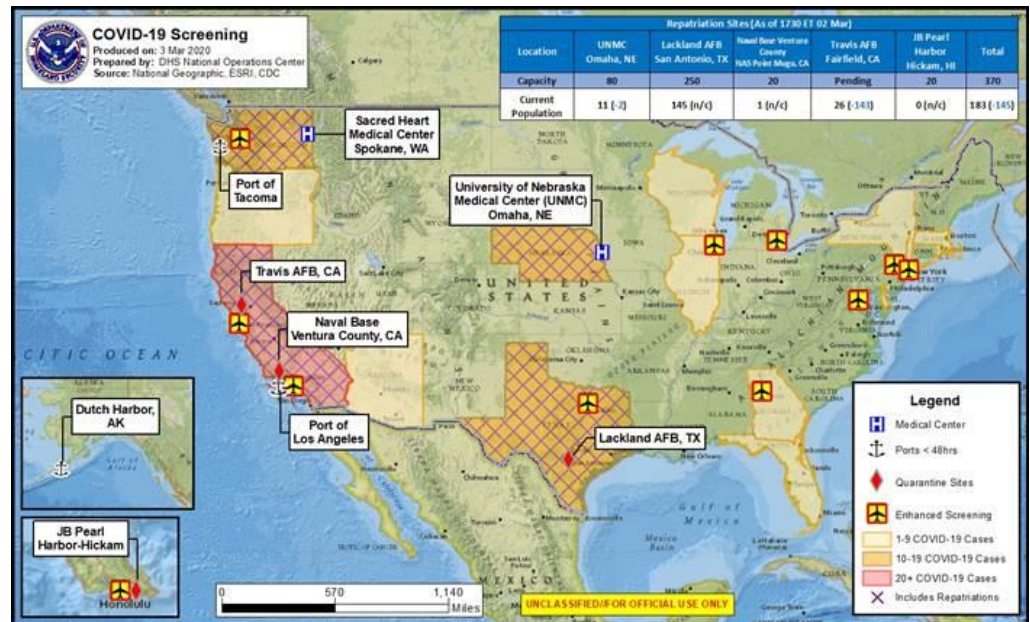

Report Date:

3/5/2020

Report Time:

1900

- Added guidance for communities with and without sustained community transmission.
- Updated definitions for self-observation, self-monitoring, and self-monitoring with public health supervision.
- Provided exposure risk definitions and recommended management for countries other than China.
- Updated recommendations for Crews on Passenger or Cargo Flights.

- CDC along with Customs and Border Protection (CBP) are continuing to conduct enhanced entry screening of passengers who have been in Wuhan within the past 14 days at 20 U.S. airports. Travel out of Wuhan has been shut down; the number of passengers who meet this criteria are dwindling.
- All flights from China are being funneled through eleven (11) US airports.

U.S. Department of State (DOS)

- The DOS has issued a Level 4 Travel Advisory (Do Not Travel) for all of China; this is the highest travel advisory level.
- Beginning Sunday February 2, 2020, at 1700 hours ET, the U.S. implemented the following temporary measures:
 - Any US citizen returning to US from Hubei province in the previous 14 days will be subject to up to 14 days of mandatory quarantine to ensure they receive proper health screening and medical care.
 - Any US citizen returning to the US from the rest of mainland China within the previous 14 days will undergo health screening at a select number of ports of entry and up to 14 days of monitored self-quarantine.
 - Foreign nationals other than immediate family of US citizens and permanent residents who have traveled in China within the last 14 days will be denied entry into the US at this time.
- Specific regions of both Italy, (Lombardy and Veneto) and South Korea, (Daegu) have also been issued a Level 4 (Do Not Travel) advisory due to widespread community transmission of COVID-19.

DOS Travel Advisories for COVID-19

Country	Travel Advisory Level
Hong Kong	Level 2 (Exercise Increased Caution)
Japan	Level 2 (Exercise Increased Caution)
Italy	Level 3 (Reconsider Travel)
Mongolia	Level 3 (Reconsider Travel)
